

## FIELD COORDINATOR

### Who we are:

HOPE, the Philippines' first certified B Corp, is an impact organization that has consistently been 'Best for the World.' 100% of its profits are invested in improving public school infrastructure, increasing livelihood opportunities, and enabling efforts that conserve the environment.

Launched in 2012, HOPE's mission was simple: to provide Filipinos with an easy way to vote with their peso about what was important to them. We put Education at the forefront of our movement, building much-needed public school classrooms through the sale of our flagship product, Hope in Bottle.

In 2014, HOPE branched out to livelihood opportunities through agricultural interventions with the overall goal of increasing income for smallholder coconut farmers. As of 2024, we are on track to planting 2 million coconut seedlings and we look to engage even more smallholder coconut farmers in Mindanao.

Not wanting to solve one problem by contributing to another, HOPE set an audacious goal of becoming the first Philippine brand to offset 100% of its plastic footprint, making sure we walk the talk towards a safer and cleaner planet. In the same year, HOPE also launched Aling Tindera, a waste-to-cash program that aims to divert plastic waste away from nature, provide incremental income to communities, encourage behavior change and educate the public about responsible plastic waste management.

All of these efforts come together to deliver on what we at HOPE promise – a movement leveraging the power of people to achieve great things Together.

Business for Good.

### About the Role:

HOPE is looking for a Field Coordinator (FC) that will be responsible for providing support to the Aling Tindera Core Team and fellow Field Coordinators in the deployment and operations of the Aling Tindera programs in the communities and institutional partners.

### Key Responsibilities:

- Support the Aling Tindera Core Team by expanding, developing, and executing our Aling Tindera (AT) waste-to-cash livelihood program
- Work with our network of partners in the Aling Tindera program and other future sustainability and livelihood programs;
- Conduct interviews, FGDs, and surveys to gather relevant information needed to understand and identify challenges in the field and to improve the program;
- Facilitate training sessions and organizing events to empower partner communities; devise training programs if necessary
- Engage and build relationships with our community partners, local government, and institutional partners; and
- Update and analyze records and data needed by our Monitoring and Evaluation Team and our database of partners and networks.
- Liaise with the Operations team to coordinate and oversee the scheduling of deployments, haulings, and other operational activities

**Requirements:**

- Must have a high school degree or vocational/equivalent.
- Must have at least 1 year of work experience; experience in community engagement or local government unit (LGU) coordination is an advantage
- Should be able to do field work (e.g. site visits, haulings, LGU meetings, etc.) from Monday to Friday in the entire province.
- Should possess excellent communication and interpersonal skills
- Has the ability to prioritize, meet deadlines, and achieve results through collaboration
- **Must** have a valid driver's license and own motorcycle
- Must be willing to physically report to our Makati-based office at least once a month
